

FOR PARTNERS!

:

We are interested in finding partners for a mobility project for exchange of students and teachers of higher education in these fields:

1. Degree in Fashion Design.

(First Cycle of Studies in Fashion Design included into the EQF 6. Subject area code 0212. Fashion).

We offer as a part of our program a Degree in Fashion Design, we would like to exchange students during a full course or one semester with other institutions that offer Fashion Design Degree in Europe. And Teachers exchange also in this field for teaching, workshops, masterclass, jobshadowing.

for further information about our program: ECTS System and subjects information go to:

<http://www.erasmuseacadiz.com/wp-content/uploads/2015/12/STUDIES-PROGRAM-2014-2015.pdf>

2. Superior Professional Training Courses of Art and Design.

(Vocational Training Short Cycle, EQF 5).

- The Superior Professional Training Courses of Art and Design we teach in the School of Art of Cadiz are:
- The Superior Professional Training Course on Interior Design (Management of decoration Works). (Subject area code 0212. Interior Design).
- The Superior Professional Training Course on Furniture Design. (Subject area code 0212. Industrial Design).

- The Superior Professional Training Course on Advertising and Graphics Design. (Subject area code 0305. Graphic Design).
- The Superior Professional Training Course on Engraving and Printing Techniques. (Subject area code 0219. Arts no elsewhere classified).

- The Superior Professional Training Course on Stilyng and clothing. (Subject area code 0212. Fashion Design).

- The Superior Professional Training Course on Artistic Ceramic. (Subject area code 0219. Arts no elsewhere classified).

For these curricula, The Superior Professional Training Courses, we would be interested in finding educational institutions or companies that our pupils may perform internships abroad for 2 months.

And Teachers exchange also in these fields for teaching, workshops, masterclass, jobshadowing.

for further information about the profile of our students go to:

3. Facilities

The School of Art and Design of Cadiz is the only educational institution in Cadiz where you can study Higher Education in Art and Design. It is located in a brand new complex recently opened called “The house of the arts”, where are also located the professional Conservatory of music and dance. The house of the arts is the only complex of its kind that exists in Andalusia. The School has spacious and modern facilities, including:

- library
- showroom, exhibition place
- Large Auditorium
- Sports tracks
- Common and leisure areas

On the other hand, the school has numerous specialized workshops, fully equipped for different specialities development.

Workshops offered:

- Photography workshop (black and white and digital revelado, photography plate).
- Engraving and printing workshop
- Lithography workshop
- photomechanics workshop
- Ceramic art workshop
- furniture, joinery and carpentry workshop

Besides this, the classrooms for lectures, projects or researching are fully equipped with modern audiovisual technology and devices. Such as:

- Digital whiteboard
- Mac and Pc Computers for the design different fields
- Cannon projector
- Large format plotter printers
- Light tables
